Dear Parents and Carers,

As we are moving onto remote learning due current circumstances, we would like to take this opportunity to reassure you that your child will continue to receive quality learning. The teaching and content that will be provided on Google Classroom will be closely aligned with what they would have received if they were in school.

Each morning, children will be welcomed on Google Meet at 9am, where the teacher will greet all the children and discuss the outline of the day. This will be a great opportunity for your child to interact with other members from the class remotely.

Attached to this email is a timetable for the child to follow on a daily basis. You will notice, on the timetable there will be PE and mindfulness session daily, as we believe it is crucial to support every child and their well-being during school closure.

We understand that not all children will have access to a device in line with the timetable; therefore there will be flexibility with regards to when children submit their work. Children are able to message their teacher privately, if they have any questions or need any support with their learning.

We would like to take this opportunity to thank you for your understanding and support, and hope to see all the children very soon.

Yours sincerely,

Year 5 and 6 team
